

2025 Summer School Courses Available

Students can take a maximum of 10 credits.

This may include 1 core course and 1 options course or 2 to 3 options courses.

*All summer school students must complete our **Learn Moodle orientation course**, which can be worth up to 2 high school credits. Please include this in your total credit count. Students currently enrolled at NorthStar who have already completed Learn Moodle during this school year are not required to take it again.*
